

OFFICIAL NOTICE OF PROPOSED BYLAWS CHANGE

June 10, 2016

WOA Members,

Recently, Scott Neuman resigned from the WOA Board. Scott has sold his practice in Rawlins and will be moving out of state.

In light of the change, the WOA Board looked at the WOA Bylaws and had a discussion at their 2016 Spring Planning Retreat regarding the total number of Board Directors on the WOA Board. The Board considered the number of board members needed to be effective and the number of years it takes to commit to the board. They agreed that lowering the number of Board Directors to seven (7) total would be appropriate and maintain the effectiveness of the overall Board.

The WOA Board is proposing a change to the WOA Bylaws that would reflect seven (7) Board Directors not the current eight (8) Board Directors. Nothing else would change in how Board Directors are nominated, voted on, or how they would move through the chairs during their time as a Board Director.

You will be voting on these changes during the ***general membership meeting on Thursday, July 28th*** at NROC.

Sincerely,

Nathan Edwards

WOA Secretary
